presentation

Humanities

“Learning from the past, to live today and develop
our future”

At Bassaleg School you will study **three humanities** subjects.

Nine humanities lessons over the fortnight allow you to explore the wonders of three amazing subjects: geography, history and RMP.

Four themes connect these very different subjects

- Origins
- Influences
- People and Societies
- Equity and Justice

When you first join us we will look at **ORIGINS:**

Where do we come from?

Who are we?

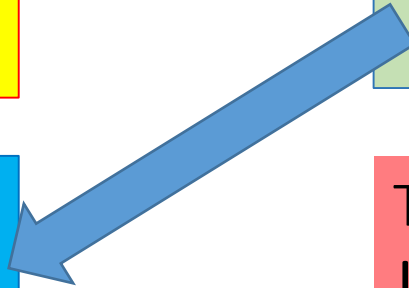

What makes me 'me'?

In history you will explore how immigration has shaped the creation of Britain

In theme 2 our focus is **INFLUENCES:**
What shapes me?

In history you will focus on how a single bullet fired by a 19 year old man led to the death of over 20 million people. This is a study of WWI from the perspective of a Welsh soldier.

Theme 3 involves **PEOPLE AND SOCIETIES:**

How can challenges create opportunities? How can life change?

In history you will look at how opportunity and medical progress is sometimes born from disease and hardship.

Theme 4 focuses on **EQUITY AND JUSTICE:**

Is the world fair? How can life create differences? Who decides?

In history you will focus on whether the past and present have treated individuals like Richard III and Anne Boleyn fairly.

History competition time!

In your primary schools you will have studied a lot of history. Now is your time to show us what you know!

Below is a link to competition. Click the link, complete the questions and be in with a chance of winning a prize.

We will announce the winners when we see you in September.
