

Message from the Headteacher 16th March 2020

Years 7 and 9

Following a statement from Urdd Gobaith Cymru which states that the Urdd will close all three of its residential centres (Llangrannog, Cardiff and Glan-llyn) to all residential activities from 20 March until further notice, the school would like to advise all parents/carers of those children travelling to Llangrannog and Glan-llyn that the visits will not therefore go ahead as planned in the coming weeks.

Year 12 Geography Field Visit to Orielton

In keeping with our practice to prioritise the safeguarding of our young people and staff, the school has made a decision to suspend the scheduled field trip to Pembrokeshire next week. Contingency plans are being explored to ensure that students complete this curriculum requirement in other ways at another time.

For all planned residential visits, please be reassured that the school is committed to the reimbursement of all monies paid by families, despite potential issues with insurance; please can we ask that you do not contact the school about this, we will be in touch with arrangements as soon as possible for how and when this will take place.

I realise that students will be disappointed not to be engaged in such enrichment activities; staff leading each activity will speak to those involved this week to update them.

Victoria Lambe, Headteacher
